

01 Native SNN $J_{EE, \text{core}} = 0.5$
Original resting example

Whole network (E + I)

Core A

Core B

01 Native SNN $J_{EE, \text{core}} = 0.5$
Original resting example

Whole network (E + I)

Core A

Core B

02 Native SNN $J_{EE, \text{core}} = 0.7$
Original irregular example

Whole network (E + I)

Core A

Core B

02 Native SNN $J_{EE, \text{core}} = 0.7$

Original irregular example

Whole network (E + I)

Core A

Core B

03 Native SNN $J_{EE, \text{core}} = 0.85$

Original intermediate example

Whole network (E + I)

Core A

Core B

03 Native SNN $J_{EE, \text{core}} = 0.85$

Original intermediate example

Whole network (E + I)

Core A

Core B

04 Native SNN $J_{EE, \text{core}} = 1$
Original regular example

Whole network (E + I)

Core A

Core B

04 Native SNN $J_{EE, \text{core}} = 1$
Original regular example

Whole network (E + I)

Core A

Core B

05 Native SNN $J_{EE, \text{core}} = 1.1$
Below reduced fold

Whole network (E + I)

Core A

Core B

05 Native SNN $J_{EE, \text{core}} = 1.1$
Below reduced fold

Whole network (E + I)

Core A

Core B

06 Native SNN $J_{EE,core} = 1.14$
Above reduced fold

Whole network (E + I)

Core A

Core B

06 Native SNN $J_{EE, \text{core}} = 1.14$

Above reduced fold

Whole network (E + I)

Core A

Core B

07 Native SNN $J_{EE, \text{core}} = 1.17623$

Below reduced recruitment interval

Whole network (E + I)

Core A

Core B

07 Native SNN $J_{EE, \text{core}} = 1.17623$

Below reduced recruitment interval

Whole network (E + I)

Core A

Core B

08 Native SNN $J_{EE, \text{core}} = 1.17632$

Above reduced recruitment interval

Whole network (E + I)

Core A

Core B

08 Native SNN $J_{EE, \text{core}} = 1.17632$

Above reduced recruitment interval

Whole network (E + I)

Core A

Core B

09 Native SNN $J_{EE, \text{core}} = 1.24$

Below reduced waveform-change region

Whole network (E + I)

Core A

Core B

09 Native SNN $J_{EE, \text{core}} = 1.24$

Below reduced waveform-change region

Whole network (E + I)

Core A

Core B

10 Native SNN $J_{EE, \text{core}} = 1.25$
Above reduced waveform-change region

Whole network (E + I)

Core A

Core B

10 Native SNN $J_{EE, \text{core}} = 1.25$
Above reduced waveform-change region

Whole network (E + I)

Core A

Core B

11 Native SNN $J_{EE,core} = 1.34$
Below reduced PD1

Whole network (E + I)

Core A

Core B

11 Native SNN $J_{EE, \text{core}} = 1.34$
Below reduced PD1

Whole network (E + I)

Core A

Core B

12 Native SNN $J_{EE, \text{core}} = 1.355$

Above reduced PD1 / below reduced LP1

Whole network (E + I)

Core A

Core B

12 Native SNN $J_{EE, \text{core}} = 1.355$

Above reduced PD1 / below reduced LP1

Whole network (E + I)

Core A

Core B

13 Native SNN $J_{EE,core} = 1.37$
Above reduced LP1

Whole network (E + I)

Core A

Core B

13 Native SNN $J_{EE,core} = 1.37$
Above reduced LP1

Whole network (E + I)

Core A

Core B

14 Native SNN $J_{EE, \text{core}} = 1.375$

Below reduced PD3

Whole network (E + I)

Core A

Core B

14 Native SNN $J_{EE, \text{core}} = 1.375$
Below reduced PD3

Whole network (E + I)

Core A

Core B

15 Native SNN $J_{EE, \text{core}} = 1.38$
Above reduced PD3

Whole network (E + I)

Core A

Core B

15 Native SNN $J_{EE,core} = 1.38$
Above reduced PD3

Whole network (E + I)

Core A

Core B

16 Native SNN $J_{EE, \text{core}} = 1.385$
Below reduced PD2

Whole network (E + I)

Core A

Core B

16 Native SNN $J_{EE, \text{core}} = 1.385$
Below reduced PD2

Whole network (E + I)

Core A

Core B

17 Native SNN $J_{EE, \text{core}} = 1.395$
Above reduced PD2

Whole network (E + I)

Core A

Core B

17 Native SNN $J_{EE,core} = 1.395$
Above reduced PD2

Whole network (E + I)

Core A

Core B

18 Native SNN $J_{EE, \text{core}} = 1.45$

Right continuation

Whole network (E + I)

Core A

Core B

18 Native SNN $J_{EE, \text{core}} = 1.45$

Right continuation

Whole network (E + I)

Core A

Core B

19 Native SNN $J_{EE, \text{core}} = 1.12181$

Below newly found reduced cycle fold

Whole network (E + I)

Core A

Core B

19 Native SNN $J_{EE, \text{core}} = 1.12181$

Below newly found reduced cycle fold

Whole network (E + I)

Core A

Core B

20 Native SNN $J_{EE, \text{core}} = 1.12183$
Above newly found reduced cycle fold

Whole network (E + I)

Core A

Core B

20 Native SNN $J_{EE, \text{core}} = 1.12183$

Above newly found reduced cycle fold

Whole network (E + I)

Core A
