

Period doubling changes the repeating pattern, not necessarily each burst interval

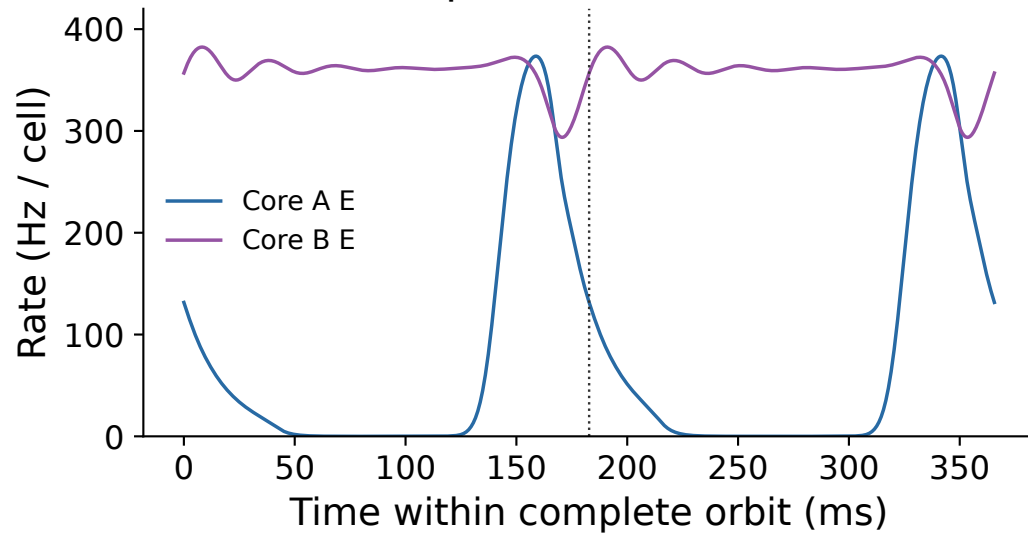

PD1: complete $2T = 375.074$ ms

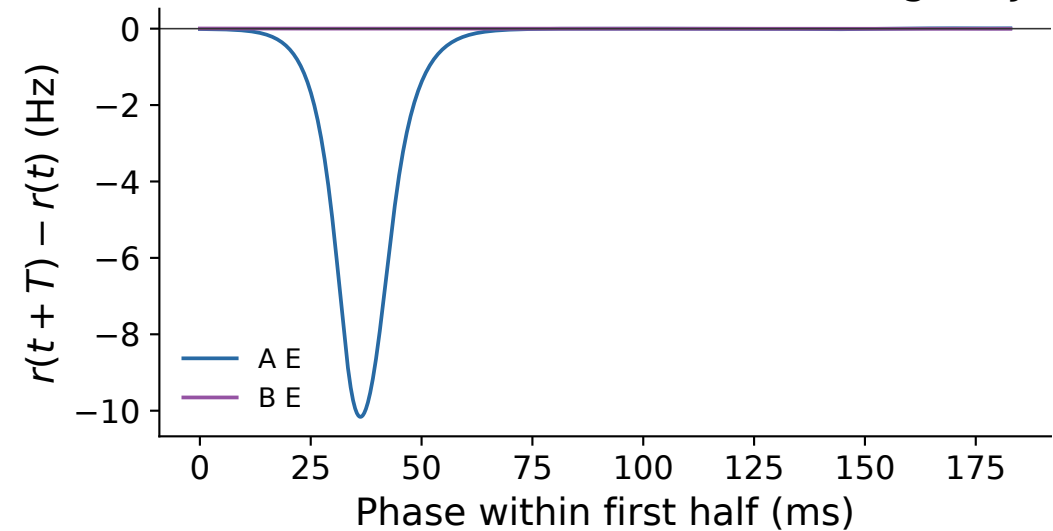

Stable $2T$; supercritical toward lower J

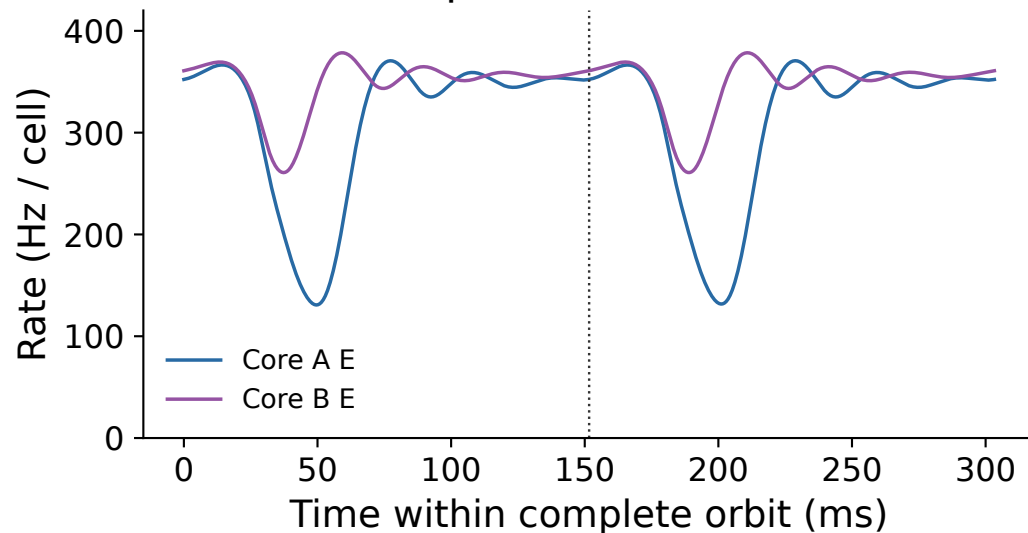

PD2: complete $2T = 365.632$ ms

Unstable $2T$; subcritical toward higher J

PD3: complete $2T = 303.286$ ms

Stable $2T$; supercritical toward lower J
